MEMORANDUM FOR: Director, Central Intelligence Agency
Subject: Command Post Exercise "BARN DOOR"

1. This memorandum is to give you additional details on the exercise which was referred to in JCS message 960346. During the period 8 - 10 June 1959, the Joint Chiefs of Staff will conduct a Command Post Exercise (CPX) unclassified nickname "BARN DOOR". This exercise will be keyed to NORAD Air Defense Exercise "DESK TOP II". CPX "BARN DOOR" will be initiated in reaction to selected intelligence and operational test messages incident to Exercise "DESK TOP II."
2. CPX "BARN DOOR" is being conducted to provide the Office of the President with data as to the time which elapses from the origin of a significant operational or intelligence indication until an appropriate message is received in the White House. In order to lend reality, it is desired to exercise the "Critic" Communication System (CRITICOM) in this connection. For this purpose, 15 to 18 test messages with no simulated texts, plus approximately six simulated intelligence messages, will be prepositioned with military units in the field for transmission through "Critic" or command communication channels at scheduled times. These messages will be flagged with the "BARN DOOR" nickname as well as being marked when appropriate with the critical intelligence designator.
3. In view of the fact that the President has expressed himself as personally desirous of receiving these messages, it is requested in accord with General Goodpaster's instructions, that "BARN DOOR" "Critic" messages be delivered to the White House regardless of content merit.
4. It is requested that a log be maintained on each "BARN DOOR" "Critic" showing the time each message was received and the time of delivery to the President. This information will be useful in making a summary report on "BARN DOOR" as has been directed by the White House.
